

Dear Resident:

Thank you for taking the time to review the Recycling Handbook for 2009. The City of East Orange continues to pursue an aggressive effort to improve our Recycling Program.

As in previous publications, the Solid Waste & Recycling Handbook contains rules on collection of recycling materials, garbage, bulky trash, lawn and garden debris, and special collection rules for refrigerators, freezers, air conditioners, appliances and metal.

With the efforts of our citizens and my Administration, we will be able to keep our high levels of recycling, and decrease the garbage tonnage. Please contact our Recycling Division at 973-266-5337 if you need assistance with recycling education programs or any other recycling needs.

Additionally, this Handbook contains a list of many important telephone numbers of City departments and agencies that may be helpful.

Sincerely,  
Robert L. Bowser, Mayor

## CLEAN & GREEN/SMALL TOOLS LIBRARY

The Clean & Green Environmental Education Center is open to help you develop a successful Clean Community Program. We have a wide variety of programs which are available to schools, churches and civic groups. These programs are designed to provide you or your group with the resources to make our City a Clean Community.

Our "Small Tool Library" is stocked with a wide array of tools. East Orange homeowners, residents and tenants may borrow these tools for small home improvement projects.

## GRASS, CUT IT & LEAVE IT PROGRAM

Grass clippings are a major part of Essex County's municipal solid waste stream, and like other highly recyclable materials—such as newspapers, plastics, glass and aluminum recycling grass clippings, can help reduce the amount of waste to landfills.

### What can you do to help?

It's real simple. Just leave your grass clippings on the lawn when you mow, or purchase a mulching mower or borrow one from our Small Tool Library.
